opinion on Charges 1 and 2.

The testimony on these charges proves that James W. said James W. Sweeney drew from the Oity Treasury \$22, or more, over and above the amount required to pay his deputies in the month of September, 1879, and did keep and apply to his own use and bene-fit he said sum of \$22, and did not ac-count for it according to law.

OPINION ON CHARGE NO. 8. OFINION OF CHARGE NO. 8.

The testimony of the City Clerk shows that the Sergeant of the city, James W. Sweeney, did receive from him (the said clerk) the sum of \$751 66 as the pay for the month of September, 1879, of the Sergeant and eleven deputies.

During the month of Sept. 1879, there was a vacancy in the police force, a fact well known by the Sergeant, for a portion of said month, and in consequence of said vacancy the full amount received from the City Clerk for the payment of the deputies salaries was not so paid as provid-

puties salaries was not so paid as provided for in the ordinance fixing the pay of the Sergeant and deputies, nor was it returned to the City Treasury, but was and is now wrongfully withheld by the Sergeant of the city, James W. Sweeney.

CHARGE NO. 4. I further charge and can prove that the said James W. Sweeney has received from his deputies several sums of money, the amount unknown to your affiant, for services rendered by them at sundry dances, balls and places of amusement, and did apply the same to his own use and benefit. OPINION ON CHARGE NO. 4.

OFINON ON CHARGE NO. 4.
Your committee are of the opinion that
the evidence on this charge does not sustain it. St. Myers (in evidence) says he
offered to turn over money, but was told
to keep it, and never offered it again but
once. The sum of \$2.50 paid by Assua
to the Sergeant from Wm. Goetze was
sent by Goetze to Sweeney, and he did not know what it was for.

CHARGE NO. 5. I further charge and can prove that the said James W. Sweeney had turned over to him by his deputies many articles of property received from thieves, and that the said James W. Sweeney has not accounted for the same according to law. OPINION ON CHARGE NO. 5.

They also reported the various bids for street cleaning for the ensuing year.

The Street Commissioner's report for the month accompanied this report.

appropriate the same to his own use and benefit. OPINION ON CHARGE NO. 6.

Charge sixth is not sustained because the svidence, while it shows that a pocket book containing one dollar was taken from a prisoner named Richards, or some such name, at the lockup, does not show that the property was ever in the possession of the Sergeant. CHARGE NO. 7.

I further charge and can prove that the said James W. Sweeney has now in his possession many witness fees, amountiles on many dollars, which he has never paid over, though frequently asked to do so.

OPINION ON CHARGE NO. 7.

OPINION ON CHARGE NO. 7.

One witness only, "Adolph Frits," testifies that he had made a demand for one fee amounting to 50 cents on the public streets, and having been refused payment without reason, therefor, and with profane language, had been deterred from making another application for the payment of his fee. No other evidence has been offered showing a detention of fees due witnesses. The committee are of the opinion that this charge is not sustained.

CHARGE NO. 8. CHARGE NO. 8.

I further charge and can prove that the said J. W. Sweeney has collected many fines and costs from persons who paid out of the workhouse after his monthly settlement was made, and has not accounted for the same according to law. OPINION ON CHARGE NO. 8.

This charge is fully sustained, not only by the testimony of disinterested wit nesses, but by the processes produced for your committee and also by the admirer of the Sergeant and his deputy, Geo. Mo

CHARGE NO. 9.

I further charge, and I can prove, that the said James W. Sweeney has been beastly drunk, time and again, on the streets and in the Oity Building, and has been utterly unfit for any business at all, both day and night, and has, therefore, brought disgrace on himself and his office, and made it very unpleasant for any one to do business with him.

OPINION ON CHARGE NO. 9.

Your committee reports that this charge is not proven. The evidence of several good and respectable citizens goes to show that the Sergeant has at times been under the influence of liquor, but does not show in the language of the charge that he ever was beastly drunk or that he has been at any time unfit to perform the duties of his office. WHERLING, April 12, 1880.

To the Honorable Mayor and Council of the City of Wheding:
GENTLEMEN—The undersigned, members of the Joint Special Committe appointed to investigate the charges made before your honorable bodies by William H. Davis against James W. Sweeney, Sergeant of the city, desire to present their report on the said charges.

We have carefully considered and examined the evidence of the many witnesses both of the prosecution and defense during the time of trial, and since then have in our private conferences considered the evidence on each charge separately. In making this report we desire to say that it was the unanimous opinion of the language of the charge in the inducence of liquor, but does not show in the language of the charge that he were was beastly drunk or that he has been at any time unfit to perform the duties of his office.

CHARGE NO. 10.

I further charge, and can prove that the said James W. Sweeney is immoral and profane in his speech and habits about the City Bullding, and is utterly unfit to be retained there.

OPINION ON CHARGE NO. 10.

As will be seen by reference to this charge, it contains two separate and distinct allegations. Immoral in his habits and profane in his speech. No evidence has been made in support of the charge of

tinet allegations. Immoral in his habits and profane in his speech. No evidence has been made in support of the charge of immorality in his habits, we are therefore of the opinion that this portion of the charge has not been sustained.

The testimony of many witnesses on the charge of profanity fully sustains this portion of the charge.

CHARGE NO. 11. 1 VI. 1 I further charge, and can prove, that the said James W. Sweeney did tell and direct one of his deputies not to arrest certain saloon keepers for a violation of the Sunday law.

OPINION ON CHARGE NO ,11. This charge is not sustained by evidence satisfactory to your committee.

CHARGE BO. 12.

I further charge, and can prove, that the said James W. Sweeney did release, both from the City Prison and City Workhouse, persons without any authority of law.

the said James W. Sweeney did release, both from the City Prison and City Work. house, persons without any authority of law.

OFINION ON CHARGE NO. 12.

This charge is sustained by proof satisfactory to vour committee, and by the admissions of the Sergeant that he had released persons from the City Prison and from the lockup without authority of law.

The undersigned offer for the consideration of Council the following:

Wisches, It has been proven that Jas.
W. Sweeney, Sergeant of the city, has hired out the services of his deputies on a special duty, for which he bargained and received a money compensation and retained the same for his own use; that he has retained, and does still retain, money belonging to the city in his possession; that he has used profane and abusive language in the discharge of the business of his office; that he has used profane and abusive language in the discharge of the business of the city government; therefore,

Resolved, That the said James W. Sweeney, now filling tha office of City Sergeant, be removed from his office.

Resolved, That the Committee on Ordinances and ordinance so rordinances provisions prohibiting the hiring out of the services of the Sergeant or any of his deputies as police to any individual or corporation, and requiring the return to the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any subordinate offices of the city to pay subordinate offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money received by any offices of the city of any money rece

JAS. MCADAMS. The following is the minority report

To the Honorable the Mayor and Council:

GINTLEMEN: A minority of your joint special committee appointed to investigate the charges against James Sweeney, now filling the office of City Sergeant, beg leave to report that we do not concur in the resolutions of removal as reported by a majority of your committee, but do concur as to the findings of the committee in relation to the charges sustained.

We therefore offer the following in lieu of the resolutions offered by the majority: Resolved, That the City Sergeant be and is hereby censured by Council for the carelessness exhibited in the keeping of his accounts with the city. To the Honorable the Mayor and Con

is hereby censured by Council for the carelessness exhibited in the keeping of his accounts with the city.

Restreef, That the City Solicitor be and is hereby instructed to enforce the ordinance of the city against the Sergeant in every respect, when he has violated the same. Your minerity believe that the hiring out of the police to corporations and individuals, has a tendency to corrupt the police system of the city, and would therefore recommend that an ordinance be framed by the Committee on Ordinances, so as to prevent a repetition of the same. Your minority would also recommend that inasmuch as there is no ordinance looking to the removal of any officer elected by the people, that the Committee on Ordinances be instructed to frame an ordinance in compliance with the city's charter in relation thereto.
